## PREAMPLIFIERS

- ADM V1603 Console: 16 channels of transformer coupled, discrete op-amp based microphone preamplifiers. Quality on par with any of the other famous console makers of the time (1984). The pres have a subtle but lovely fingerprint. Faders allow for a variety of gain staging.
- Rupert Neve Designs Portico II Channel. Preamp from RND's 5088 console.
- Manley Langevin Dual Vocal Combo: 2 silky sounding preamps from Manley
- Audient ASP880: 8 transformerless preamplifiers
- Universal Audio Unison Preamps (2)

## OUTBOARD

- 16 channels of ADM 4 channel console EQ.
- Neve Portico II Channel: High-pass filter, 4 band EQ, De-esser, Compressor/Limiter, "Silk" texture.
- Manley Dual Vocal Combo: 2 channels of high and low shelving EQ and Manley Elop style limiters
- ADM 1346: versatile VCA compressor from 1970s
- DBX 160XT
- Roland Space Echo RE-201
- Yamaha SPX 900: Classic digital delay/reverb effects unit from 1988.
- Korg DRV1000: Digital reverb unit from mid 1980s.

## INSTRUMENTS

### Piano:

Steinway Model O from 1922: Beautiful 5'11" piano—this is Steinway's "living room grand piano." Not as imposing as a concert grand, but larger and fuller than your typical baby grand. The action was fully rebuilt in 2022—modern playability, gorgeous aged character.
